ADVANCED NOVELTY TECH

# CO<sub>2</sub>/HPA Conversion Kit

## FIRE

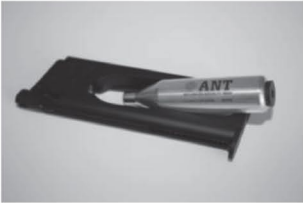

### INSTALLATION INSTRUCTIONS

**⚠ CAUTION:** Any modification of or tampering with this product may cause a malfunction and/or make the gun unsafe.

**⚠ WARNING:** Air guns are not toys. Misuse or careless use may cause serious injury or death. Be careful – shoot safely.

1. Put the safety on and remove the existing disposable CO<sub>2</sub> cartridge.
2. Remove the magazine.
3. Unscrew and remove the existing pressure key.
4. Insert the Advanced Novelty Tech cylinder with rubber bushing attached.

**⚠ WARNING:** Do not insert without rubber bushing. Component parts may lock and become difficult to remove.

5. Screw in the Advanced Novelty Tech combination connection valve/pressure key. Tighten with wrench. **⚠ WARNING:** Do not overtighten! Seal inside the gun can be broken disrupting the air seal.

6. Insert magazine into the gun.
7. Connect remote hose and CO<sub>2</sub>/air tank. **⚠ CAUTION:** Use only appropriate air tanks and hoses. **⚠ WARNING:** NOT TO EXCEED 1100 PSI.

**⚠ DANGER: COMPRESSED AIR. BEWARE OF SERIOUS INJURY OR DEATH.** 1. Only use compressed air for the purpose of which it is provided. 2. Never aim compressed air towards the body of another person or directly at your own body. 3. Compressed air is not to be used to cool yourself down or to blow dust from clothes or hair. 4. Never play “practical jokes” with compressed air.
